

DIABOLO NERO

Diavolo Nero is an authentic black licorice liqueur made in Italy.

With a pronounced balsamic and sweet taste, it is ideal to drink ice-cold. Its most important ingredient is Calabrian licorice, which is infused with other spices to extract their essence.

Mixing this extract with alcohol and sugar produces a very special liqueur. Dark in color, with an intense and persistent licorice aroma, it possesses a very well balanced sweet taste.

It is the perfect companion to finish a meal, thanks to its very particular aroma. It is best served on its own over an ice stone, and also an ideal topping for desserts or ice cream.

When Diavolo Nero unfolds its captivating licorice aroma and pleasant sweetness, it is impossible to resist.
